

FAMILIES,

Using technology engages your child and helps them practice many of the skills we learn in class. You will find below a list of FREE websites and FREE iPad apps that you can use at home to help your child! If you don't have access to internet or a computer at home, you can visit these sites at a local library as well.

Websites to practice reading:

www.starfall.com

www.abcy.com

www.pbskids.org

www.storylineonline.net
